The Importance of Children Playing Board Games

Math Skills and the Preschool Board Game

- ❖ There is evidence that certain kinds of board games boost preschool math skills. These early skills are strongly predictive of math achievement scores later in life.
- ❖ The more board games children play better their performance in 4 areas:
 - Identifying Numbers
 - Counting
 - Finding Numbers on a Number Line
 - When shown 2 Numbers, being able to Identify the Greater Number
- ❖ It has also been found, children who play board games in different settings, perform better in all 4 of the math areas.

Week 8

One Word Doesn't Rhyme

What you need:

- Your voice

Activity:

Direct your child to listen carefully as you say three words. Ask your child to tell you which word doesn't sound like the other two. Which word doesn't rhyme? Mix up the words so that the rhyming words do not always come in order. Your child may need extra support the first time you play this game.

"What word does not rhyme?"

Sit/mit/car (*car*)

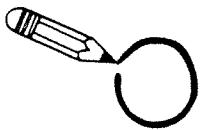

Pat/ball/cat (*ball*)

Hat/wall/tall (*hat*)

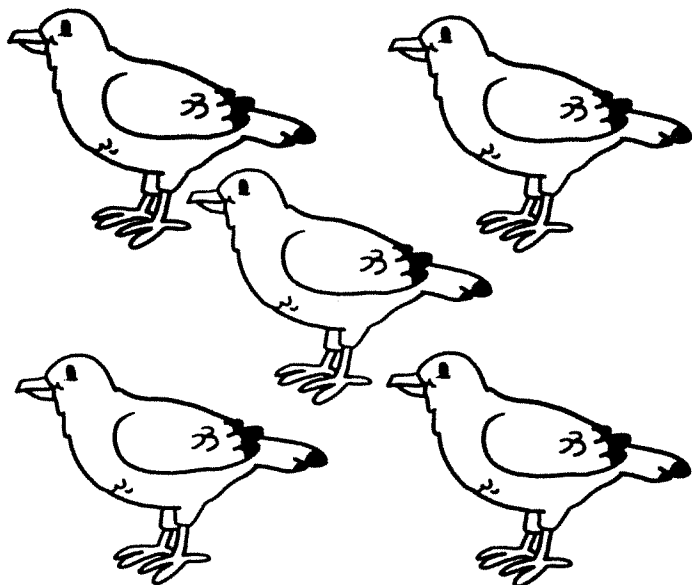

Hill/Jill/Jack (*Jack*)

Talk about it:

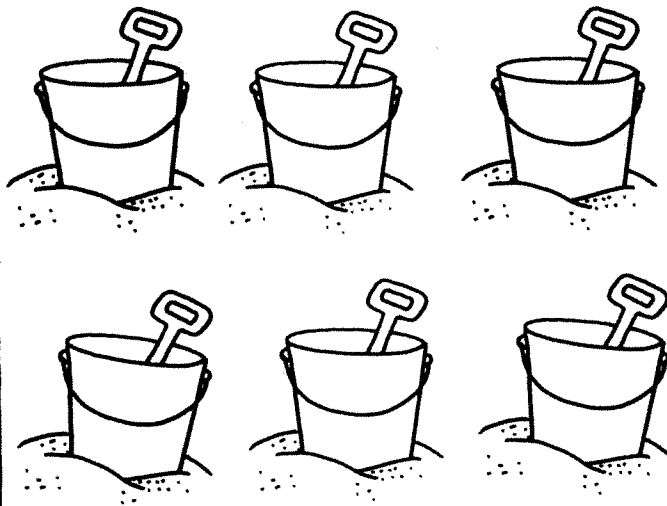

- Listen carefully. Which word rhymes with sit?
- Listen carefully. Which word rhymes with pat?

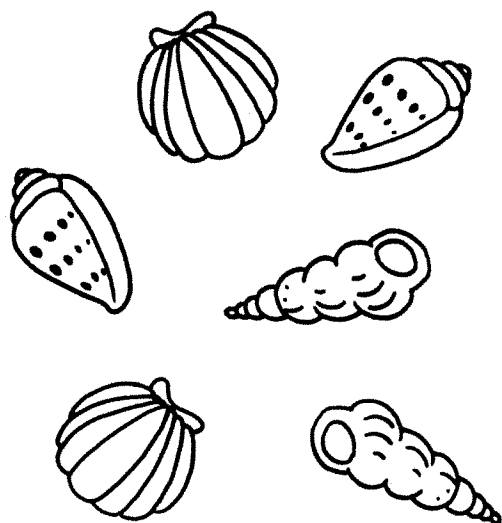

5, 6, or 7.
