1	I do think there is an abundance of home work placed on my child. I am a believer of creating good work habits at a young age, but my 9 year old son has limited down time with homework and extra curricular activities. Everyone needs some replenishment time to keep strong mental health.	4/23/2020 10:26 AM
2	I would love to have this on line learning offered next school year. This very serious illness will be here next school year along with the flu, and every other virus or sickness. I do feel like this program we are doing now gives all of the students accountability, keeps attendance, and keeps them safe at home. I am aware not everyone will agree and some people need their kids at school. I feel like this should be offered as an option for us that are willing to put forth the work and keep our kids accountable. I would like this brought up at a School Board Meeting. I love each person at the school because they are simply the best in the world. Above all of that I want my kids home safe, but still getting a good monitored education.	4/22/2020 7:52 PM
3	Not for our family but for spanish speaking families need more assistance with technology.	4/22/2020 10:39 AM
4	Less work at home when they are in school... I feel like school work needs to be done only at school and let them reciprocate at home and just let them enjoy being a child. I would also like the on line learning we are currently doing now, to be offered when school is back open as a open to keep them in the school system but school them at home safely. I feel like this is a better open then virtual school and the kids have already adapted to it now. I hope this will be considered to us parents that keep parent teacher involvement and see to it their work is completed but like the peace of mind of knowing they are home safe.	4/17/2020 7:47 AM

6	I would like to see some of the funds used to continue this type of distance learning for those of us that are willing to put forth the effort. I haven't heard a lot of good about the virtual schooling. I can say this whole distance learning has been a blessing for my family. With four children it is not always easy but the teachers have already gotten them in sync with iReady so everything runs pretty smoothly. Thank you teachers and staff for all of your dedication and hard work through all these crazy times. We miss each of you!	4/22/2020 7:52 PM
